Hi Codi,

Thank you for the follow up call for clarification on our complaint form.

AET is filing the complaint against West River Electric and their subcontracted locating firm for not locating the 3-phase power line on the property. The line was subsequently hit and damage on the order of \$28,763.37 was caused. The negligence on their part could have resulted in a severe injury or fatality, but only due to luck it was only damage to the line.
