Dear James Reed,

This is a *courtesy notice* to let you know CenturyLink has received your excavation ticket, 2325054846, and assigned it to a field resource to be located. The proposed excavation has been identified as a *possible risk* to our underground fiber and copper facilities. Consistent with State 811 by laws, you will receive a response once the field review of your ticket has been completed. If by the day your excavation is scheduled to begin, if you *do not* see orange CenturyLink marks/flags and *have not* received a positive response from CenturyLink, please contact CenturyLink at 1-877-DONT DIG (366-8344).  
Thank you,  
CenturyLink Cable Protection Management
